

Mitchell Freeway Extension - Hester Avenue to Romeo Road

Mitchell Freeway Extension opening on 10 July 2023

The Federal Minister for Transport, Catherine King MP, and the Deputy Premier and State Minister for Transport, Rita Saffioti MLA, have announced the Mitchell Freeway Extension from Hester Avenue to Romeo Road will open to road users on 10 July 2023.

The 5.6km of new principal shared path, running the length of the extension will also open at the same time, along with the freeway extension, which includes the fully funded addition of the Butler Boulevard interchange, was constructed within budget by the Mitchell Extension Joint Venture, consisting of BMD Constructions and Georgiou Group.

The extension will improve access to Perth's growing northern corridor (see map).

Finishing works and road works

The project has constructed Romeo Road, a new east-west link between Wanneroo Road and Marmion Avenue. Road users will notice construction activities on Romeo Road will continue beyond the extension opening.

These works are required to create road connections for future developments north and south of Romeo Road. Intermittent lane closures and traffic management will occur along Romeo Road for the duration of these works. The ongoing works also include landscaping.

Testing and commissioning of new traffic signals along Romeo Road at Benenden Avenue will continue, with traffic signals operating under temporary configurations until the commissioning process is concluded.

Last feedback opportunity

Since the beginning of the project residents and stakeholders have been encouraged to provide feedback on our engagement and management of construction impacts.

The web survey will close on 30 June 2023. If you wish to provide feedback, you can click on this link - '[feedback survey](#)' or visit our website www.mainroads.wa.gov.au/mitchell-fwy-extension
