1 Introduction

1.1 Purpose and scope

This Compliance Assessment Report (CAR) addresses the compliance of the Bunbury Outer Ring Road (BORR) Northern and Central Sections (the Proposal) with conditions set out in Ministerial Statement 1155 (MS 1155).

The Proposal was formally assessed under Part IV of the *Environmental Protection Act 1986* (the EP Act) and approved under Ministerial Statement (MS) 1155 on 14 December 2020.

Conditions 4-3 and 4-6 of MS 1155 require annual compliance assessment reports to be submitted to the Chief Executive Officer (CEO) of the Environmental Protection Authority (EPA). This CAR has been produced in compliance with these conditions and endorsed by the Commissioner for Main Roads (Appendix A).

The CAR incorporates a 12-month audit period from 14 December 2021 to 13 December 2022. This is the second CAR to be produced under MS 1155.

1.2 Proposal background

The BORR (Northern and Central Sections) includes 19 kilometres (km) of dual carriageway connecting the Forrest Highway at Kingston, to the South-Western Highway, south of Centenary Road in the Shire of Capel (Figure 1).

The Proposal is located approximately 200 km south of Perth and, at its closest point, about 6 kilometres south-east of Bunbury. The Proposal will include grade separated interchanges, local road extensions and connections, bridges, drainage structures, noise walls, fauna crossings, and other road infrastructure.

The location and physical extent as per MS1155 are described in Table 1.

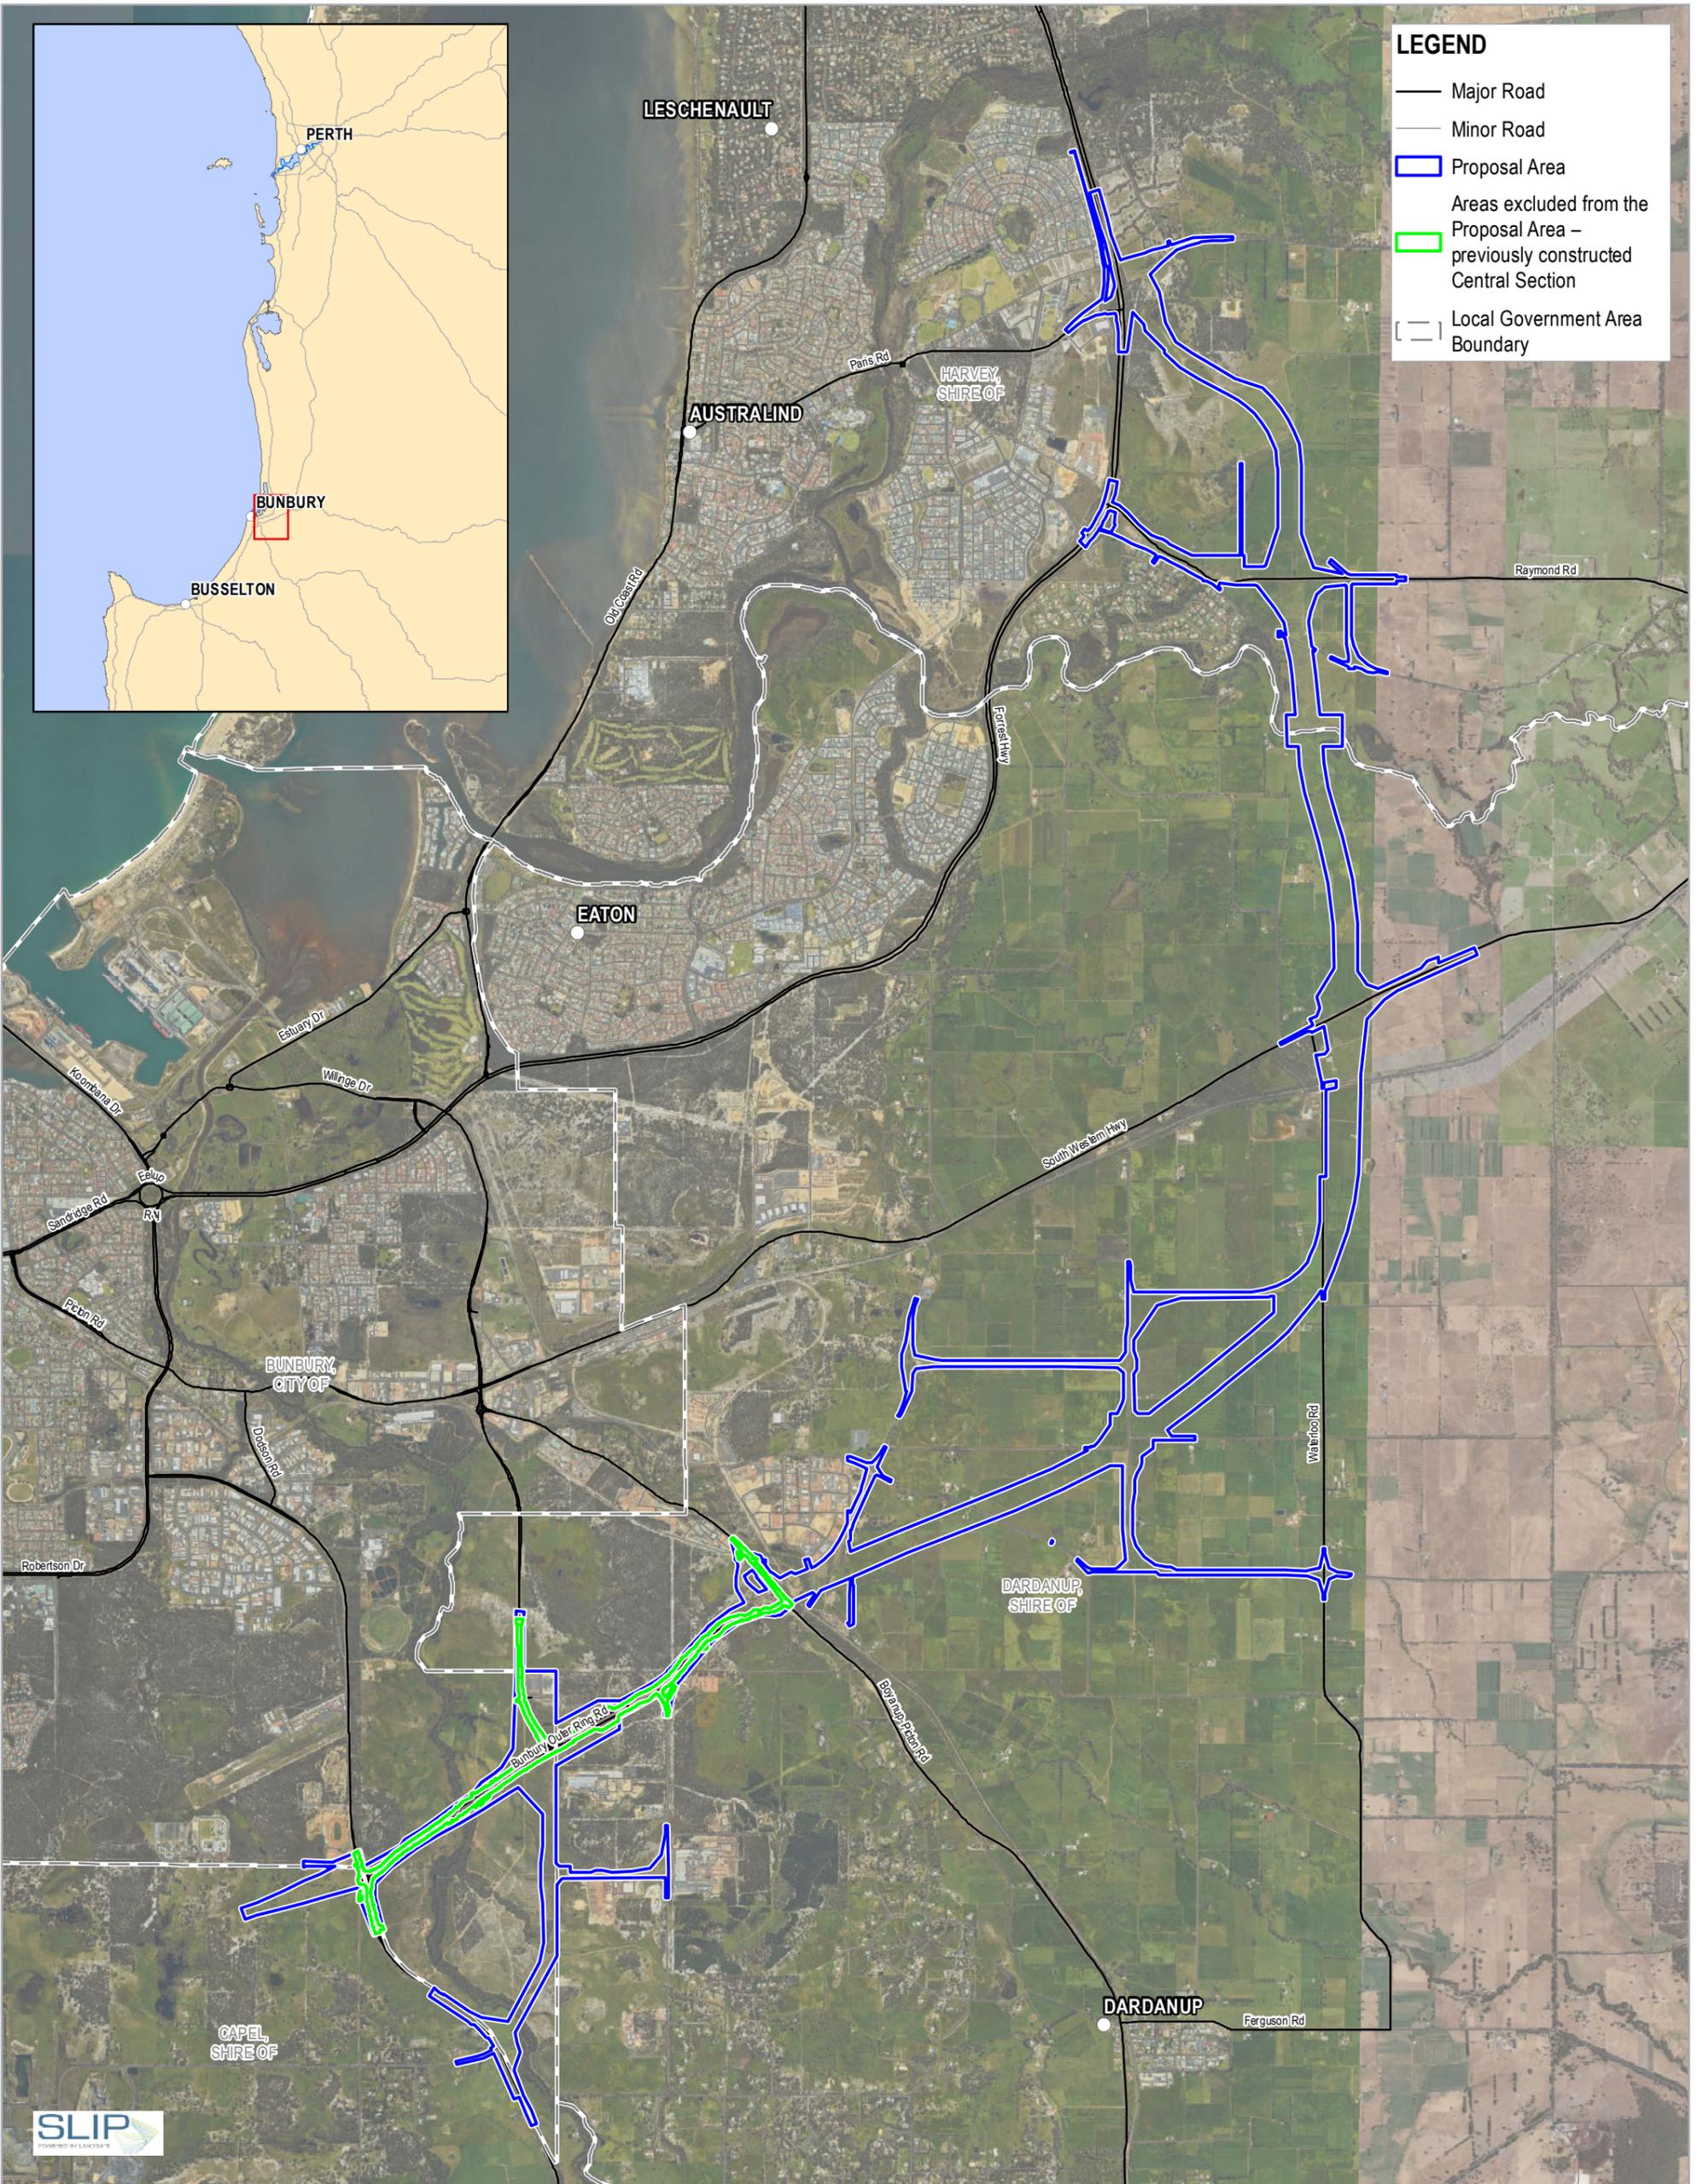

Table 1. Location and authorised extent of physical and operational elements.

Element	Location	Authorised Extent
Freeway standard dual carriageway, grade separated interchanges, local road extensions and connections, bridges, drainage structures, noise walls, fauna crossings, and other road infrastructure including fencing, landscaping, principal shared path.	Located within the development envelope as indicated in Figure 1.	Clearing and disturbance of no more than 92 ha of native vegetation within a 625 ha development envelope.

1.3 Proponent details

The proponent for the Proposal is Main Roads Western Australia (Main Roads).

2 Summary of Proposal's Implementation Status

2.1 Works during the reporting period

Main Roads awarded a contract to South West Gateway Alliance (SWGA) to design and construct the Proposal. The design work is ongoing. Construction commenced on 24 February 2021.

Clearing of key environmental aspects as identified in MS1155 are well within the associated specified limits (Table 2) and presented in Figures 2 - 5.

Table 2. Clearing metrics in relation to key environmental aspects.

3 Audit Plan

3.1 Purpose and scope

The CAR has been prepared to address conditions 4-3 and 4-6 of MS1155, which state:

- 4-3 *After receiving notice in writing from the CEO that the Compliance Assessment Plan satisfies the requirements of condition 4-2 the proponent shall assess compliance with conditions in accordance with the Compliance Assessment Plan required by condition 4-1.*
- 4-6 *The proponent shall submit to the CEO the first Compliance Assessment Report fifteen (15) months from the date of issue of this Statement addressing the twelve (12) month period from the date of issue of this Statement and then annually from the date of submission of the first Compliance Assessment Report, or as otherwise agreed in writing by the CER*

The Compliance Assessment Report shall:

- (1) be endorsed by the proponent's Chief Executive Officer or a person delegated to sign on the Chief Executive Officer's behalf;*
- (2) include a statement as to whether the proponent has complied with the conditions;*
- (3) identify all potential non-compliances and describe corrective and preventative actions taken;*
- (4) be made publicly available in accordance with the approved Compliance Assessment Plan; and*
- (5) indicate any proposed changes to the Compliance Assessment Plan required by condition 4-1.*

Condition 4-1 of MS 1155 referred to above states:

The proponent shall prepare, and maintain a Compliance Assessment Plan which is submitted to the CEO at least six (6) months prior to the first Compliance Assessment Report required by condition 4-6, or prior to implementation of the proposal, whichever is sooner.

This CAR has been developed to align with the structure indicated in the Compliance Assessment Plan (CAP; SWGA 2021), which was prepared in accordance with the requirements condition 4-2 and the Office of the Environmental Protection Authority (OEPA) Post Assessment Guideline for Preparing a Compliance Assessment Plan, Post Assessment Guideline No. 2 (OEPA, 2012).

This CAR has been prepared to assess compliance with the conditions set out in Schedule 1 of MS 1155 over the audit period.

The proposed table of contents from the CAP is presented in Table 2. The table includes reference to sections in the CAR that correspond to the required content.

This CAR has been prepared to assess compliance with the conditions set out in Schedule 1 of MS 1155 over the audit period. This CAR includes:

- Statement of compliance prepared in accordance with the OEPA *Post Assessment Form for a Statement of Compliance and endorsed by the proponent's Managing Director or a person delegated to sign on the Managing Director's behalf* (Appendix A).
- Ministerial Statement audit table in accordance with Appendix 1 of the CAP (Appendix B).
- Subsidiary plans audit tables (potentially non-conformant items only) (Appendix C).
- Evidence (related to potential non-compliances/non-conformances only) (Appendix D).
- Summary table of evidence reviewed (Appendix E).
- Relevant survey reports and/or monitoring and management plans prepared to demonstrate compliance (Appendix F).

3.2 Audit Period

This CAR addresses a compliance period of 14 Dec 2021 to 13 Dec 2022 and will be submitted to the CEO of the DWER by 14 March 2023. Subsequent CARs will address the compliance period from 14 December to 13 December with each report submitted to the CEO of the DWER by the annual date of 14 March following the conclusion of the compliance period.

3.3 Audit Criteria

Audit criteria were based on the MS 1155 conditions of approval. The audit table in Appendix B presents all the approval conditions and the performance of the Proposal to these conditions for the audit period. The audit table contains each condition separated into audit elements for auditing purposes (i.e. the audit criteria) and includes the following headings:

- Audit Code: Ministerial Statement reference number.
- Subject: The environmental subject/issue.
- Requirement: Wording of the relevant implementation condition, procedure or commitment.
- How: The way the proponent intends to achieve the requirement.
- Evidence: Information or data collected to verify compliance, i.e. report/letter/site inspection requirements.
- Phase: Proposal phase.
- Timeframe: Specific timing and/or location.
- Status: Notes about the fulfilment of compliance.
- Further Information: Additional details and supporting information to verify compliance status.

3.4 Methodology

The audit was conducted by reviewing relevant documentation produced by SWGA, external contractors and Main Roads. Advice from Main Roads was sought where necessary to determine the status and evidence of compliance. The review of all documents was undertaken by SWGA.

A comprehensive list of documents reviewed for this CAR is presented in Appendix E.

3.5 Terminology

The 'Status' field of the audit table in Appendix B and Appendix C describes the implementation of the action and compliance with the condition, procedure or commitment. Although the CEO of the DWER makes the final determination of compliance, it is necessary to update this field each audit period, as the Proposal progresses. DWER has prepared updated guidance related to the preparation of compliance audits, including generic expressions that are used to identify the status of each item as defined in Appendix B.

4 Audit Results

4.1 Compliance with conditions

A Statement of Compliance in relation to the conditions of MS 1155 for the period addressed in the CAR has been included in Appendix A.

Compliance with the conditions of MS 1155 for the Proposal has been assessed and reported using the Audit Table in Appendix B.

4.2 Proposed Changes to Compliance Assessment Plan

This CAR is consistent with the approved CAP. This is the second CAR to be produced under MS 1155 and no changes are proposed.

4.3 Subsidiary plans

Conditions of MS1155 require the implementation of a number of subsidiary plans (Table 4), referenced in the Audit Table (Appendix B).

Table 4. Subsidiary plans to be implemented by MS1155.

Condition	Plan Implementation
4.1, 4.2	Compliance Assessment Plan.
8-2	Weed and Soil Hygiene (Dieback) Management Plan.
10-2	Traffic Noise Management Plan.
11-2	Lot 2 Boyanup Picton Road and Lot 104 Willinge Drive Davenport Offset Plan.
11-7	Land Acquisition and On-ground Management Offset Strategy.

4.4 Retention of Compliance Statements

All Compliance Assessment Reports will be retained by Main Roads in accordance with relevant record keeping legislation including the:

- *State Records Act, 2000.*
- *Evidence Act, 1906.*
- *Electronic Transactions Act, 2011.*
- *Freedom of Information Act, 1992.*

Main Roads will retain CARs (including all associated compliance assessments) and evidence used to verify compliance for the life of the proposal and then for a minimum of seven years after the end of the life of the proposal. Main Roads will continue to implement the proposal until the CEO has determined all conditions of MS1155 have been satisfactorily met.

CARs will be retained on Main Roads' Electronic Document and Records Management System that Main Roads is required to maintain and operate in accordance with its obligations under the *State Records Act, 2000*.

4.5 Public Availability of Compliance Reports

In line with Condition 5-1 and the *Post Assessment Guideline 4: Making Information Publicly Available* (OEPA 2012d), compliance assessment reports will be made publicly available by publishing them on the Main Roads Western Australia website. This will occur within 14 days of the report being submitted to the CEO.
