Quality Policy

We are committed to providing a safe, reliable and sustainable road transport network focused on what our customers need and value.

Intent

We will:

- Ensure that our Quality Management System (QMS) supports Keeping WA Moving.
- Ensure that our QMS consistently meets our customers' needs and complies with legal and other applicable requirements.
- Support our QMS to ensure it is implemented, maintained and continually improved.
- Identify opportunities to enhance the performance of our Quality Management System.

John Erceg
Managing Director of Main Roads

Objectives

To ensure we achieve this policy our objectives are to:

- Ensure Top Management involvement and commitment to the QMS.
- Monitor, measure and report on QMS Performance.
- Provide QMS Sub-Committees that focus on the implementation, maintenance and continual improvement of QMS.
- Provide support to all Main Roads staff implementing Main Roads QMS.
- Capture and action opportunities to enhance the QMS.

This policy forms part of the Integrated Management System (IMS) and is reviewed every two years or as required to ensure it complies and is relevant to legislative and business obligations.
