# ROADWORKS UPDATE

## South Western Highway Intersection Upgrades - Armadale

### Traffic Signal Installation Update

Works on South Western Highway to improve the intersections of Dickens Place, Stone Street and Eleventh Road are well progressed.

The resurfacing and road widening components of the intersection upgrade works are scheduled to be complete by the end of May 2024. Unfortunately, the traffic signal installations planned for Stone Street and Eleventh Road have been delayed and **will not be installed by 4 June 2024** when the Byron Road Level Crossing is closing.

Main Roads is working with its project partners to determine a staged, temporary management of the intersections. We will provide updated information about traffic management as confirmed information is available.

We sincerely apologise for the delay and inconvenience this may cause road users in the area.

Main Roads' contractor will continue works to install some of the kerbing, islands and pavement markings at Dickens Road, Stone Street and Eleventh Road, where possible. Details about when this work will occur will be communicated to adjacent businesses and residences as soon as confirmed. Some of these works will be conducted at night to minimise the impact of works on road users.

#### Further information

For all other queries please contact Main Roads' Customer Information Centre on 138 138 or [enquiries@mainroads.wa.gov.au](mailto:enquiries@mainroads.wa.gov.au)
