July 2026

Contents

1	PURPOSE	3
2	SCOPE	4
3	ROLES & RESPONSIBILITIES	4
4	PREFERRED ELECTRICAL AND ITS EQUIPMENT	5

Document Control

Owner	Manager Electrical Asset Management
Custodian	Principal Electrical Standards Engineer
Document Number	D22#1248812
Issue Date	July 2026
Review Frequency	As required

Amendments

Revision Number	Revision Date	Description of Key Changes	Section / Page No.
A	August 2018	Initial Issue	
0	February 2019	Category 5 corrosion treatment, Highway LEDs	4.2.4/5 & 4.13.3/13
1	March 2019	Remove Sicame Piranha, added Sicame WT Henley Compound added Swivelpole options	4.3.5, 4.4.4
3	July 2019	Updated Pit manufacturers and Link manufacturers	4.3.5, 4.6.2
4	January 2020	Auscon Industries pre-cast foundations added	4.4.4
5	January 2020	Logix ITS Cabinets Added	4.2.5
6		General change to format and updating of equipment	All
7	February 2023	Inclusion of Philips Luma and Auscon, deletion of Supplier column	Pg 6, 7 and all
8	March 2023	Amendment to preferred pit suppliers listing	Pg

9	April 2023	Amendment to preferred modem supplier	Pg 8
10	June 2023	Inclusion of new preferred component, Fabric Innerduct Cable Sleeve	Pg5
11	April 2024	Philips Clearflood HIL BVP651 added as per TQ 846, Removed Traffic Signal Processor card with in-built Bluetooth Detector, inclusion of Channell Pits and Pit Lids range into equipment list.	Pg 6, 7, 10, 11
12	May 2024	ELV Dim by Wire equipment inclusion, Bambach Cables and sensavers.	Pg 9,10,11.
13	November 2024	Inclusion of SAGE Automation and TroPacific cabinet.	Pg 5
14	October 2025	Termite note added to field active cable, solar battery pit added, modem product description updated, MOXA terminal servers noted as historical, Axent and AD Engineering added as ESLS suppliers, CCTV pole drawing numbers included, SWARCO added as a traffic signal lantern supplier, traffic signal controller model number updated, DRI-TEL added as a help phone supplier, Solar Flag Lighting pole added, Thorn LED luminaire added, Excel VDS controller model updated.	Pg 5, 7, 9, 10, 11, 12, 13, 14
15	December 2025	Inclusion of anti-theft cable adhesives.	Pg 9
16	March 2026	Addition of Pierlite underbridge luminaire for maintenance use only. Addition of Sylvania road lighting luminaire for use in new designs.	Pg 15
17	April 2026	Cisco Network Switch model updated from IE3400 to IE3500. Addition of specific ballasts and igniters for HPS lighting control gear.	Pg 10, 15
18	July 2026	Update ELV TSC manufacturer Update Bosch Camera Model G&S Industries added as pole supplier. supplier. Lighting Luminaire for Road Train Assembly Area updated to Philips Clearflood BV657 LED930/740 A65-WB ALU.	Pg 12, 13, 14, 16, 17

1 PURPOSE

This document provides a guide as to the preferred Electrical and Intelligent Transport System (ITS) equipment to be supplied to Main Roads Western Australia.

Efforts to ensure adherence to this document will assist in providing efficient and effective maintenance outcomes due to:

- More reliable equipment;
- Increased familiarity of field staff with the asset base; and
- Optimised spare stock levels.

This list does not override any requirements of a Contract, nor does it eliminate other potential Suppliers being considered. However, suppliers not listed will require formal approval from Main Roads Electrical Asset Management.

2 SCOPE

This document applies to Electrical and ITS equipment procured for the Main Roads Electrical and ITS asset network.

Suppliers of electrical equipment are encouraged to review the list and make contact with the Main Roads Electrical Standards section to recommend additions and/or modifications to the list.

3 ROLES & RESPONSIBILITIES

Role	Responsibility
Manager Electrical Asset Management	Owner
Principal Electrical Standards Engineer	Custodian

4 PREFERRED ELECTRICAL AND ITS EQUIPMENT

Product Category	Asset Type	Component	Product Description	Manufacturer/Supplier/ Vendor	Product Identifier / Model Number	Notes and Special Conditions
