

Changes to the Scheme

- ◆ Changes have been made to continue allowing 'First and last' mile access on roads between the paddock and the nearest road approved for Restricted Access Vehicle (RAV) Network access. The changes ensure there are no adverse effects on road safety and Main Roads legal obligations are met.

Register for HMMS

- ◆ If you wish to participate in HMMS, continue to register your vehicles with a participating Grain Receiver.
- ◆ If RAV access is required on roads between the paddock and the nearest road approved for RAV Network access under HMMS, you must apply to Main Roads by submitting a HMMS Road List form to advise us of the RAV combination & roads being used.
- ◆ Your HMMS Road List must be endorsed by Main Roads before starting HMMS operations on these roads. Apply now to avoid delays.

Processing Your Application

- ◆ Main Roads will check the nominated roads between the paddock and the nearest road approved for RAV Network access to ensure they are safe for the proposed RAV combination.
- ◆ If deemed safe, your HMMS Road List will be endorsed and any additional access conditions specified (if necessary).

Harvest Mass Management Scheme

What you need to know for 2018-2019 Harvest Period

Access Conditions

- ◆ The Main Roads endorsed HMMS Road List must be carried in the RAV.
- ◆ The most direct route must be used between the paddock and the nearest road approved for RAV Network access.
- ◆ The RAV combination being used must not be a higher RAV category than the nearest RAV Network.
- ◆ When travelling on the roads between the paddock and the nearest road approved for RAV Network access, the maximum speed is 40 km/h and you must display an amber flashing warning light.

Future Planning

- ◆ Main Roads will use the HMMS Road Lists to prioritise onsite route assessments, with the aim of adding the roads to the relevant RAV Network.
- ◆ This will eliminate the need to continue providing the HMMS Road List in future.

Other Access Options

- ◆ Use a Category 1 RAV vehicle combination that is 20 m or less in length and 50 t or less in gross mass.
- ◆ Use a RAV that is greater than a Category 1 RAV vehicle combination on approved RAV Network roads.
- ◆ Apply to have my road (s) added to the RAV Network through the standard process.
