METROPOLITAN REGION

Where will a career
at Main Roads take you?

Regional Engineering Associate Traineeship Program

The road ahead is filled with opportunities when you start your career with Main Roads. With a huge diversity of projects, roles and locations throughout WA, going places has never been more rewarding.

Our Regional Engineering Associate Traineeship Program will allow you to kick-start your career within the Perth Metropolitan region. Here, you'll take on a diverse range of challenges while enjoying flexible working hours that give you more time to spend with family and friends.

Ready to see what you're capable of?

Keeping WA connected

Main Roads has been connecting people and places throughout WA since 1926, with our \$48 billion road network one of the largest in the world. As a WA State Government Agency, we are committed to providing a safe and efficient road network for all, working across an incredibly diverse range of projects every year.

We're proud to play a role in bringing people together, whether it's out on the road or within our close-knit teams. At Main Roads, possibilities are everywhere – all you need to do is put your hand up.

About the program

Our 2-year Regional Engineering Associate Traineeship Program offers an incredible opportunity for you to begin a rewarding career with Main Roads, with hands-on experience across drafting, construction, materials engineering and structural design.

- Learn road construction techniques through direct experience on small construction projects like road widening or passing lanes; road maintenance projects like reseal or pavement repair; or even larger projects like new road construction
- Assist in drafting pavement and surfacing designs that contribute to improvements to the regional road network and improve road safety
- Provide technical support to various asset management planning activities for road and bridge work programs
- Get involved in assessing road condition and field and laboratory testing on a variety of materials, including soils and pavements

“The type of work we get to do is really enjoyable. Everyone’s really helpful and we have a lot of fun with regular events.”

Start your journey with Main Roads today

To apply for the program, you will need to have completed Year 12 by the end of this year, with a C-grade average or above in English and Maths, plus hold a C class driver's licence. We're also looking for people who are willing to get involved, take on new responsibilities and work together as a team to create a lasting positive impact for all.

If this sounds like you, we want to hear from you. To start a career that's really going places, apply today at mainroads.wa.gov.au
