1. Introduction

Main Roads Western Australia (Main Roads) is currently implementing the High Street Upgrade proposal in accordance with Ministerial Statement 1096 (MS 1096). Implementation of the proposal commenced in October 2019 with construction commencing on 16 March 2020 and is expected to continue until June 2021.

This is the first Compliance Assessment Report (CAR) for MS 1096 and covers the period of 23 May 2019 to 22 May 2020. This CAR is also notice to the CEO of substantial commencement of the Proposal in accordance with condition 3-2 of MS 1096.

1.1. Proposal Background

The proposal includes the construction of a roundabout at the Stirling Highway and High Street intersection in Fremantle, a new westbound carriageway of High Street between Carrington Street and Stirling Highway, realignment of approaches to Stirling Highway and High Street, pedestrian crossing points, a new service road for residents north of High Street and local road realignments. The proposal also includes the installation of noise walls, drainage, lighting, electricals, utilities and associated road infrastructure.

1.2. Proposal Approvals

The Proposal was formally assessed under Part IV of the Environmental Protection Act 1986 and approved under MS 1096 on 23 May 2019.

In March 2020 Main Roads submitted a request to amend the Proposal under Section 45C of the Environmental Protection Act 1986. The amended Proposal was approved by the Chairman of the Environmental Protection Authority on 22 April 2020.

2. Summary of Implementation Status

The Proposal is currently in the construction phase. Construction is expected to continue until June 2021. Implementation of the Proposal commenced in October 2019 with the demolition of a number of Main Roads owned houses within the Development Envelope. Construction commenced on 16 March 2020 with the clearing of vegetation and commencement of earthworks for road construction.

2.1. Works to date

Pre-construction activities commenced in October 2019 with the demolition of Main Roads owned houses at the intersection of Stirling Highway and High Street.

Clearing of native vegetation and large amenity trees commenced on 16 March 2020. All native vegetation within the Development Envelope has been cleared. Clearing of large amenity trees with a Diameter at Breast Height (DBH) > 500 mm is progressing, with 66 of the 85 trees permitted to be cleared having been removed.
Clearing has been staged for construction purposes. Prior to each stage of clearing a qualified terrestrial native fauna spotter inspected the development envelope for Black Cockatoo breeding activity, in particular nesting. No breeding activity was observed (Appendix C5).

Road construction activities are ongoing and noise wall construction is yet to commence. The landscaping design is in progress and will be finalised in the next couple of months.

### 2.2. Planned Activities

In the next reporting period, most of the construction work will be completed. Construction, including noise wall installation, is expected to be completed by June 2021. Landscaping will be installed in the winter of 2021.
3. Statement of Compliance

3.1. Proposal and Proponent Details

3.2. Statement of Compliance Details

| Reporting Period | 23/05/19 to 22/05/20 |

Implementation phase(s) during reporting period (please tick ✔ relevant phase(s))

| Pre-construction | Construction | ✔ | Operation | Decommissioning |

Audit Table for Statement addressed in this Statement of Compliance is provided at Attachment: Appendix B

An audit table for the Statement addressed in this Statement of Compliance must be provided as Attachment 2 to this Statement of Compliance. The audit table must be prepared and maintained in accordance with the Department of Water and Environmental Regulation (DWER) Post Assessment Guideline for Preparing an Audit Table, as amended from time to time. The 'Status Column' of the audit table must accurately describe the compliance status of each implementation condition and/or procedure for the reporting period of this Statement of Compliance. The terms that may be used by the proponent in the 'Status Column' of the audit table are limited to the Compliance Status Terms listed and defined in Table 1 of Attachment 1.

Were all implementation conditions and/or procedures of the Statement complied with within the reporting period? (please tick ✔ the appropriate box)

No (please proceed to Section 3) ✔ Yes (please proceed to Section 4)

Each page (including Attachment 2) must be initialed by the person who signs Section 4 of this Statement of Compliance. INITIALS: ___________
## 3.3. Details of Non-compliance(s) and/or Potential Non-compliance(s)

The information required Section 3 must be provided for each non-compliance or potential non-compliance identified during the reporting period covered by this Statement of Compliance.

**Non-compliance/potential non-compliance 4-1**

<table>
<thead>

</tbody>
</table>

(please provide this information as an attachment to this Statement of Compliance)

For additional non-compliance or potential non-compliance, please duplicate this page as required.

Each page (including Attachment 2) must be initialed by the person who signs Section 4 of this Statement of Compliance.

INITIALS: ____________________________
3.4. **Proponent Declaration**
I, Mohammad Siddiqui (Project Director) (full name and position title) declare that I am authorised on behalf of Main Roads Western Australia (being the person responsible for the proposal) to submit this form and that the information contained in this form is true and not misleading.

Signature: ........................................... Date: 7/8/2020

Please note that:
- it is an offence under section 112 of the *Environmental Protection Act 1986* for a person to give or cause to be given information that to his knowledge is false or misleading in a material particular; and
- the Chief Executive Officer of the DWER has powers under section 47(2) of the *Environmental Protection Act 1986* to require reports and information about implementation of the proposal to which the statement relates and compliance with the implementation conditions.

3.5. **Submission of Statement of Compliance**
One hard copy and one electronic copy (preferably PDF on CD or thumb drive) of the Statement of Compliance are required to be submitted to the Chief Executive Officer, DWER, marked to the attention of Manager, Compliance (Ministerial Statements).

Please note, the DWER has adopted a procedure of providing written acknowledgment of receipt of all Statements of Compliance submitted by the proponent, however, the DWER does not approve Statements of Compliance.

3.6. **Contact Information**
Queries regarding Statements of Compliance, or other issues of compliance relevant to a Statement may be directed to Compliance (Ministerial Statements), DWER:

Manager, Compliance (Ministerial Statements)

Department of Water and Environmental Regulation

Postal Address: Locked Bag 10
Joondalup DC
WA 6919

Phone: (08) 6364 7000

Email: compliance@dwer.wa.gov.au

3.7. **Post Assessment Guidelines and Forms**
Post assessment documents can be found at [www.epa.wa.gov.au](http://www.epa.wa.gov.au)

Each page (including Attachment 2) must be initialed by the person who signs Section 4 of this Statement of Compliance.

## Table 1 Compliance Status Terms

<table>
<thead>
<tr>
<th>Compliance Status Terms</th>
<th>Abbrev</th>
<th>Definition</th>
<th>Notes</th>
</tr>
</thead>
</table>
| Compliant               | C      | Implementation of the proposal has been carried out in accordance with the requirements of the audit element. | This term applies to audit elements with:  
  - ongoing requirements that have been met during the reporting period; and  
  - requirements with a finite period of application that have been met during the reporting period, but whose status has not yet been classified as 'completed'. |
| Completed               | CLD    | A requirement with a finite period of application has been satisfactorily completed. | This term may only be used where:  
  - audit elements have a finite period of application (e.g. construction activities, development of a document);  
  - the action has been satisfactorily completed; and  
  - the DWER has provided written acceptance of 'completed' status for the audit element. |
| Not required at this stage | NR   | The requirements of the audit element were not triggered during the reporting period. | This should be consistent with the 'Phase' column of the audit table. |
| Potentially Non-compliant | PNC | Possible or likely failure to meet the requirements of the audit element. | This term may apply where during the reporting period the proponent has identified a potential non-compliance and has not yet finalized its investigations to determine whether non-compliance has occurred. |
| Non-compliant           | NC     | Implementation of the proposal has not been carried out in accordance with the requirements of the audit element. | This term applies where the requirements of the audit element are not "complete" have not been met during the reporting period. |
| In Process              | IP     | Where an audit element requires a management or monitoring plan be submitted to the DWER or another government agency for approval, that submission has been made and no further information or changes have been requested by the DWER or the other government agency and assessment by the DWER or other government agency for approval is still pending. | The term ‘In Process’ may not be used for any purpose other than that stated in the Definition Column.  
The term ‘In Process’ may not be used to describe the compliance status of an implementation condition and/or procedure that requires implementation throughout the life of the project (e.g. implementation of a management plan). |

Each page (including Attachment 2) must be initialed by the person who signs Section 4 of this Statement of Compliance.  
INITIALS: A
4. Details of Declared Compliance Status

Main Roads is in compliance with the conditions of MS 1096. There have been no non-compliances.

Evidence of compliance with the conditions of MS 1096 have been described in the audit table at Appendix B.
5. Supporting/verifying information/documentation

Supporting/verifying information used to prepare this CAR included:

- Clearing plans (Appendix C1)
- Tree removal plans (Appendix C2)
- Approval of Compliance Assessment Plan (CAP) (Appendix C3)
- Black Cockatoo inspection reports (Appendix C4)
6. Other Information

There is no other information to provide as part of this CAR.

No changes to the approved Compliance Assessment Plan are proposed.

Appendix B: Audit Table
# AUDIT TABLE

**PROPOSAL:** High Street Upgrade  
**STATEMENT:** 1096

### Note:
- Phases that apply in this table = Pre-Construction, Construction, Operation, Decommissioning, Overall (several phases).
- This audit table is a summary and timetable of conditions and commitments applying to this project. Refer to the Minister’s Statement for full detail/precise wording of individual elements.
- Code prefixes: M = Minister’s condition, P = Proponent’s commitment.

### Acronyms list:
- CEO = Chief Executive Officer of OEPA; DEC = Department of Environment Regulation; DPAW = Department of Parks and Wildlife; DIA = Department of Indigenous Affairs; DMP = Department of Mining and Petroleum; DWER = Department of Water and Environmental Regulation; EPA = Environmental Protection Authority; DoH = Department of Health; DoW = Department of Water, Minister for Env = Minister for the Environment; OEPA = Office of the Environmental Protection Authority.

### Compliance Status:
- C = Compliant, CLO = Completed, NA = Not Audited, NC = Non-compliant, NR = Not Required at this stage. Please note the terms VR = Verification Required and IP = In Process are only for DWER use.

Main Roads will publish this CAR on its website within two years.
| 1096:M6.2 | Public Availability of Data | If any data referred to in condition 5.1 contains particulars of: (1) a secret formula or process; or (2) confidential commercially sensitive information; the proponent may submit a request for approval from the CEO to not make these data publicly available. | Submit a request for approval from the CEO to not make sensitive information publicly available. | Overall | Life of proposal | NR | No request submitted from Main Roads. |
| 1096:M6.1 | Terrestrial Fauna | The proponent shall ensure that the proposal is undertaken in a manner that avoids, where possible, and minimises direct and indirect impacts as far as practicable to Black Cockatoos. | Comply with condition 6.2 and condition 1. | CAR. | Overall | Life of proposal | C |
| 1060:M6.2 | Terrestrial Fauna | In order to meet the objectives of condition 6.1, the proponent shall: (1) ensure that clearing is to be undertaken, a qualified terrestrial native fauna spotter shall thoroughly inspect the development envelope for Black Cockatoos breeding activity, in particular nesting, and if the area within the development envelope is found to be in use, clearing in the area shall be postponed until such time as determined suitable by the CEO, on the advice of the Department of Biodiversity, Conservation and Attractions. (2) ensure that no Black Cockatoo foraging habitat are included within 10 m of the constructed roads in the landscaping design and planting for the proposal. | Inspection of potential Black Cockatoo breeding trees for breeding activity prior to clearing. No potential Black Cockatoo foraging species are to be planted within 10 m of the road carriageway. | CAR. | Overall | Life of proposal | C | Tony Kirby has conducted pre-clearing inspections (reference). The landscaping design is in progress but has yet to be finalised. |

Dear Mr Braid

MINISTERIAL STATEMENT 1096 - HIGH STREET UPGRADE - COMPLIANCE ASSESSMENT PLAN

Thank you for your email dated 24 June 2019 submitting the High Street Upgrade Compliance Assessment Plan (CAP) to the Department of Water and Environmental Regulation (DWER).

DWER has reviewed the CAP and determined that it meets the requirements of Condition 4-2 of Ministerial Statement 1096.

As per condition 4-6 of Statement 1096, your first compliance assessment report is due by 23 August 2020.

If you have any questions please contact Rowan Inglis on 6364 6472.

Yours sincerely

Stuart Cowie  
EXECUTIVE DIRECTOR  
Compliance and Enforcement

1 INTRODUCTION

1.1 Background

Main Roads Western Australia (Main Roads) proposes to upgrade High Street and Stirling Highway within the City of Fremantle. The proposal includes the construction of a roundabout at the Stirling Highway and High Street intersection, a new westbound carriageway of High Street between Carrington Street and Stirling Highway, realignment of approaches to Stirling Highway and High Street, pedestrian crossing points, a new service road for residents north of High Street and local road realignments. The proposal also includes the installation of noise walls, drainage, lighting, electricals, utilities and associated road infrastructure.

Table 1 contains the location and authorised extent of physical and operational elements from Schedule 1 of Ministerial Statement 1096 (MS1096).

1.2 Purpose and Scope

The Office of the Environmental Protection Authority (OEPA) Post Assessment Guideline No.2 – Preparing a Compliance Assessment Plan (PAG 2) (OEPA, 2012a) outlines the CEO’s minimum requirements for a Compliance Assessment Plan (CAP).

This CAP has been prepared in accordance with the guideline and is submitted pursuant to conditions 4-1 and 4-2 of Ministerial Statement No. 1096.
Condition 4-1 states:

*The proponent shall prepare, submit and maintain a Compliance Assessment Plan to the CEO at least six (6) months prior to the first Compliance Assessment Report required by condition 4-6, or prior to implementation of the proposal, whichever is sooner.*

Condition 4-2 states:

*The Compliance Assessment Plan shall indicate:*

1. *The frequency of compliance reporting.*
2. *The approach and timing of compliance assessments.*
3. *The retention of compliance assessments.*
5. *The table of contents of Compliance Assessment Reports.*

## 2 ASSESSMENT AND REPORTING

### 2.1 Audit Table

An audit table has been prepared for Ministerial Statement No. 1096 in accordance with the OEPA Post Assessment Guideline No. 1 – Post Assessment Guideline for Preparing an Audit Table (PAG 1) (OEPA, 2012b).

The audit table has been separated into the following elements:

- **Audit Code**: Ministerial Statement reference number.
- **Subject**: The environmental subject/issue.
- **Requirement**: Wording of the relevant implementation condition, procedure or commitment.
- **How**: The way the proponent intends to achieve the requirement.
- **Evidence**: Information or data collected to verify compliance, i.e. report/letter/site inspection requirements.
- **Phase**: Project phase.
- **Timeframe**: Specific timing and/or location.
- **Status**: Notes about the fulfilment of compliance.
- **Further Information**: Additional details and supporting information to verify compliance status.

The audit table is included in Appendix A.

### 2.2 Frequency of Compliance Reporting

Condition 4-6 of Ministerial Statement No. 1096 requires that Main Roads submits a Compliance Assessment Report (CAR) annually. The initial CAR will be submitted 15 months from the issue date of Ministerial Statement No. 1096 (23 August 2020) for the 12 months from the issue date of the Ministerial Statement No. 1096. Subsequent CARs will be submitted annually from the date of submission of the first CAR.

### 2.3 Approach and Timing of Compliance Assessments

Main Roads will assess compliance against all conditions of Ministerial Statement No. 1096 on an annual basis.
The CAR will be prepared in accordance with the OEPA Post Assessment Guideline No. 3 – Post Assessment Guideline for Preparing a Compliance Assessment Report (PAG 3) (OEPA, 2012c).

In accordance with condition 4-6 of MS1096, the CAR will include the following:

- Be endorsed by the proponent’s Chief Executive Officer or a person delegated to sign on the Chief Executive Officer’s behalf.
- Include a statement as to whether the proponent has complied with the conditions.
- Identify all potential non-compliances and describe corrective and preventative actions taken.
- Be made publicly available in accordance with this CAP.
- Indicate any changes to the CAP required by condition 4-1.

The assessment will be summarised in the audit table (Appendix A) and submitted as required by condition 4-6 of Ministerial Statement No. 1096. Compliance will be assessed as detailed in the Audit Table.

2.4 Retention of Compliance Assessments
Main Roads will retain CARs (including all associated compliance assessments) and evidence used to verify compliance for the life of the proposal and then for a minimum of seven years after the end of the life of the proposal. Main Roads will continue to implement the proposal until the CEO has determined all conditions of Ministerial Statement No. 1096 have been satisfactorily met.

CARs will be retained on Main Roads Electronic Document and Records Management System (currently TRIM RM 8.3) that Main Roads is required to maintain and operate in accordance with its obligations under the State Records Act 2000.

2.5 Reporting of Non-compliances and Corrective Actions
Where a non-compliance or potential non-compliance with the conditions of MS1096 is observed or detected, Main Roads will:

- Report the non-compliance to the CEO within seven (7) days of detecting the non-compliance in accordance with condition 4-5.
- Conduct an investigation into the non-compliance and initiate corrective actions where required.
- Provide the CEO with an investigation report of the non-compliance, the impacts of the non-compliance and corrective actions implemented within 60 days of the initial report of the non-compliance.

The Main Roads Project Manager, or their delegated representative, will be responsible for reporting potential non-compliances and corrective actions to the CEO.

Non-compliances or potential non-compliances will be detailed in the annual CAR.

All non-compliance correspondence and incident reports will be retained by Main Roads on its Electronic Document and Records Management System for at least the life of the project and seven (7) years after the life of the project.

2.6 Table of Contents
The table of contents of the CAR will at a minimum include:
1. Introduction
2. Summary of proposal’s implementation status
3. Statement of compliance
4. Details of declared compliance status
5. Supporting/verifying information/documentation
6. Other information

Appendices:
A  Compliance status of key characteristics
B  Audit Table
C  Supporting/verifying information/documentation

2.7 Public Availability of Reports

Main Roads will make all CARs publicly available in accordance with condition 5-1 and the OEPA’s Post Assessment Guideline No. 4 – Post Assessment Guideline for Making Information Publicly Available (PAG 4) (OEPA, 2012d).

CARs will be made available through the Main Roads webpage at https://www.mainroads.wa.gov.au and follow the links to the High Street Upgrade page (Building Roads>Projects>Current>High Street).

APPENDIX A: Audit Table
# AUDIT TABLE

**PROPOSAL:** High Street Upgrade  
**STATEMENT:** 1096

**Note:**  
- Phases that apply in this table = Pre-Construction, Construction, Operation, Decommissioning, Overall (several phases).  
- This audit table is a summary and timetable of conditions and commitments applying to this project. Refer to the Minister’s Statement for full detail/precise wording of individual elements.  
- Code prefixes: M = Minister’s condition; P = Proponent’s commitment.  
- Acronyms list: CEO = Chief Executive Officer of OEPA; DEC = Department of Environment Regulation; DPAW = Department of Parks and Wildlife; DIA = Department of Indigenous Affairs; DMP = Department of Mining and Petroleum; DWER = Department of Water and Environmental Regulation; EPA = Environmental Protection Authority; DoH = Department of Health; DoW = Department of Water, Minister for Env = Minister for the Environment; OEPA = Office of the Environmental Protection Authority.  
- Compliance Status: C = Compliant, CLD = Completed, NA = Not Audited, NC = Non – compliant, NR = Not Required at this stage. Please note the terms VR = Verification Required and IP = In Process are only for DWER use.

Appendix C5 Black Cockatoo Inspections
Morning Sam

Below are the results of the black cockatoo monitoring at Stage 1.1.

18 March 2020.

Inspection between 15:45 and 19:00.

Both Carnaby’s and Forest Red-tailed Black Cockatoos were heard calling to the south of the site near Carrington Street.

No breeding activity was recorded in the survey or surrounding areas.

Thanks,

Tony

Tony Kirkby

Good Morning

Area 1.2 black cockatoo reinspection 28-4-20.

The survey took place between 4pm and dusk.

Carnaby’s Cockatoos heard to east of the survey area at 16:30. No black cockatoo breeding activity recorded and none seen or heard at the survey area.

Regards

Tony Kirkby

041 992 7384
Hello Sam

I spent yesterday evening (8/3/20) from 4pm to 7:15 pm at the Stage 1.3, Priority 1 site at the eastern side of the Stirling Highway.

There was no black cockatoo breeding activity and no black cockatoos were seen or heard at the site.

I will do the same at Stage 1.2 Priority 2 this evening.

Regards

Tony

Morning Sam

Below are the results of the black cockatoo monitoring with three hours through to dark spent at each site.

16 March 2018. Stage 1.2b.

Carnaby’s Cockatoo heard to the south of the site between 16:30 and 18:15, possibly feeding on pines. Also groups of 3 and 6 heading east at 15:45.

Forest Red-tailed Black Cockatoo heard to the north (distant) at 16:45.

No breeding activity noted in this area.

Carnaby’s Cockatoo heard to the south of the site between 16:55 and 18:15, possibly feeding on pines. Groups of 6, 20, and 9 heading south during this period. A large group of possibly up to fifty heard to the south at 18:15 leaving the area and heading east. Also 6 feeding in pines in verge at High Street at 18:00.

Forest Red-tailed Black Cockatoo heard to the north (distant) at 16:35.

No breeding activity noted in the area.

Thanks

Tony

Tony Kirkby

Sam,

I inspected the trees at Stage 2.3 on 9\textsuperscript{th} April 2020.

Nine Carnaby’s Cockatoos were seen heading north over the area at 16:30. There were no signs of breeding activity at the survey area.

Regards

Tony Kirkby

041 992 7384
Good Morning Sam,

I inspected the Area 4.3 from 4pm until dusk on the 29-4-20.

There was no black cockatoo breeding activity at the survey area and no black cockatoos were seen or heard in the general area.

Regards,

Tony Kirkby

041 992 7384
Good Morning,

I inspected the trees along the Stirling Highway median strip yesterday-1st April 2020. There was no black cockatoo breeding activity and no birds were observed. The trees were all far too small to provide a black cockatoo breeding hollow.

Regards

Tony Kirkby
