

Kwinana Freeway Southbound On-ramp from Manning Road Project

Jointly funded by the Australian and State Governments the project comprises a single-lane southbound on-ramp for traffic using Manning Road to access the southbound lanes of Kwinana Freeway in Como.

Road works start on Manning Road from 6 January to March 2020

In January, Manning Road in Como between Ley Street and Kwinana Freeway will be reduced to one lane in each direction until March 2020 to modify the existing road to accommodate the new freeway ramp to connect Manning Road to the southbound freeway lanes.

Reducing the lanes will create a work area and enable the works to be undertaken as quickly as possible while general traffic volumes are reduced on the road network.

Traffic management

Due to the constrained nature of the project area traffic management changes will occur on the local road network and may occur at short notice to best manage traffic flows.

Traffic will be impacted in both directions during these works and road users should plan ahead and allow additional time when moving through this area.

Intersection closures will also occur at Clydesdale Street, Edgecumbe Street and Lockhart Street with dates to be confirmed on the project webpage at www.mainroads.wa.gov.au as the information is confirmed and/or distributed using the project email database.

In January expect these traffic management changes on Manning Road:

Change	Details
Speed limits	<ul style="list-style-type: none">On Manning Road speeds will be reduced from 60km/hr to 40km/hr between Ley Street and Kwinana Freeway.
Road works	<ul style="list-style-type: none">One lane in each direction west of Ley Street to Kwinana Freeway.Lane widths will be reduced and merge points will be installed.
Intersection works	<ul style="list-style-type: none">Intersection access from Manning Road at Clydesdale Street, Edgecumbe Street and Lockhart Street will be closed at various times between January and March.Watch for traffic detour information including dates on our web page and / or register for project updates.
Access to Mt Henry Tavern	<ul style="list-style-type: none">Access to Mt Henry Tavern will change as part of the project.Timing for access changes have been revised to early 2020.When Edgecumbe Street is reconstructed access to the tavern will change temporarily.During construction detours to access the tavern may be required via Ley Street and Patterson Street for eastbound traffic.

You are encouraged to register for email project updates on our project web page <https://project.mainroads.wa.gov.au/home/current/kwinanafreewaymanning/Pages/default.aspx> using the subscribe feature available at the top right of the page.

Smart Freeway – Kwinana Northbound

There will also be overnight closures from Sunday to Thursday on Kwinana Freeway for the Smart Freeway – Kwinana Northbound project, from 12 January to 20 February (excluding Australia Day on Sunday 26 January). To view detour maps, check for updated information about these closures or find out more about the Smart Freeway project, visit <https://project.mainroads.wa.gov.au/home/smartfreeways/Pages/default.aspx>
