

# Leach Highway Welshpool Road Interchange Ewing Street North Traffic Changes

Vehicles will be unable to enter Ewing Street North from Railway Parade for 6 months from **Monday 2 August 2021**.

Traffic at the southern end of Ewing Street North, near Railway Parade, will be reduced to one outgoing lane only, to enable:

- Roadworks to change the alignment of Ewing Street North near Railway Parade
- Construction of walls for the new bridge over the railway line.

Vehicles will be able to enter and exit Ewing Street North from Welshpool Road and exit onto Railway Parade as usual.

We recognise these changes and construction activities can be disruptive, and we thank you for your patience while these works are underway.

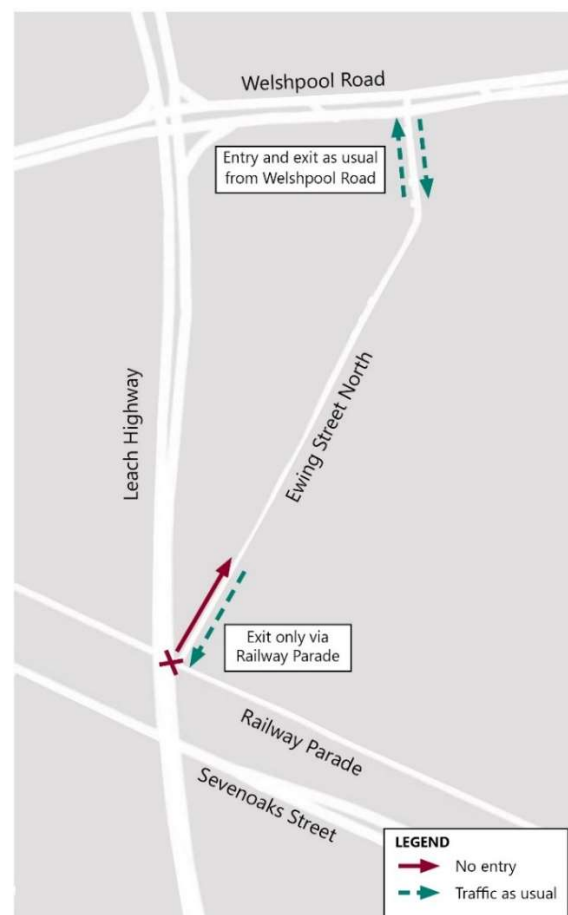

## Potential Ewing Street North Traffic Changes

- Full closure of the southern end of Ewing Street North (at Railway Parade) for one weekend or consecutive night shifts at the end of August, for asphaltting works
- Late 2021 and early 2022, temporary weekend closures may be required to transport bridge beams for the new bridge over the railway line.

## Key Dates

- 2 August 2021 - No entry to Ewing Street from Railway Parade for six months.
- End of August 2021 - Potential weekend closure or consecutive night shifts - no exit to or entry from Railway Parade

- February 2022 - Two-way traffic reopens at the southern end of Ewing Street North.
- Early 2022 – Rail bridge beam installation.

## More Information

LWA will provide ongoing information and updates about the project and construction progresses.
