PROJECT UPDATE DECEMBER 2023

We're working for Western Australia.

Swan River Crossings Project

Have your say on the new design for Fremantle Traffic Bridge

The **Development Application for the new Fremantle Traffic Bridge** is now open for public comment via the Department of Planning, Lands and Heritage consultation hub. The consultation period is open until the 1st of February 2024.

Click here to comment on the new bridge.

The Development Application proposes replacing the existing Fremantle Traffic Bridge with a new iconic bridge as part of the <u>Swan River Crossings Project</u>. The new option will be built on the existing traffic bridge alignment maintaining two traffic lanes in each direction whilst maintaining existing intersections and traffic flows. New wider and safer paths will be built on both sides of the new bridge, and navigational clearances for boats, kayaks and river users will be improved.
