

# Wanneroo Road and Joondalup Drive Interchange Project Update

## Change of Date: Weekend intersection closure now 21 to 24 June 2019

### Wanneroo Road and Joondalup Drive intersection closure

Due to unanticipated construction delays the weekend intersection closure of Wanneroo Road and Joondalup Drive will now close from **8pm Friday 21 June to 5am Monday 24 June 2019**.

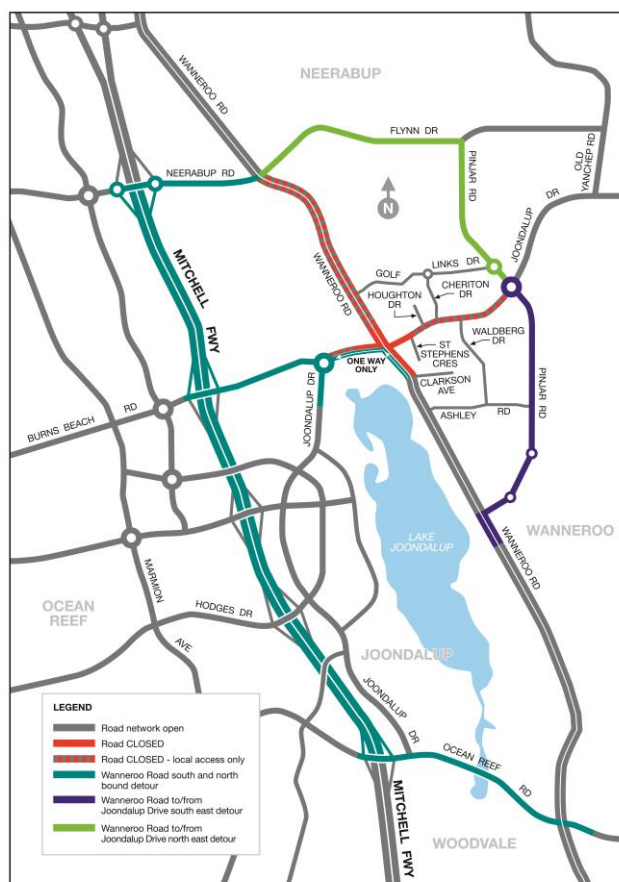

The decision to defer the date was made to ensure that the safety and quality requirements are met on all parts of the construction.

The intersection will close for the weekend, from **8pm Friday 21 June to 5am Monday 24 June 2019** to allow work crews to safely relocate all barriers and replace the existing traffic signals with a temporary roundabout configuration ready for Stage 2 works.

We apologise if this date change has caused any inconvenience to the community.

### Changes for road users and pedestrians

- Detours will be in place to direct traffic around the intersection
  - Vehicles heading east/west to use Ocean Reef Road or Neerabup Drive.
  - Vehicles heading north/south to use Mitchell Freeway or Pinjar Road.
- There will be minor changes to cyclist and pedestrian detours through the area.
- Works will be undertaken 24/7 - starting 8pm Friday finishing Monday 5am.
- Bus routes 390T, 390F, 391T, 391F, 467T and 468T will be impacted by the weekend closure.
  - More information will be available closer to the weekend closure by visiting <https://project.mainroads.wa.gov.au/home/> or <https://www.transperth.wa.gov.au/>

Australian Government

**BUILDING OUR FUTURE**

- Right turn access between Joondalup Drive and St Stephens Crescent will be closed permanently. This change is necessary for safety reasons.
- Access to Drivers business precinct will be via Joondalup Drive or Wanneroo Road, but egress will only be provided to the west along Joondalup Drive.

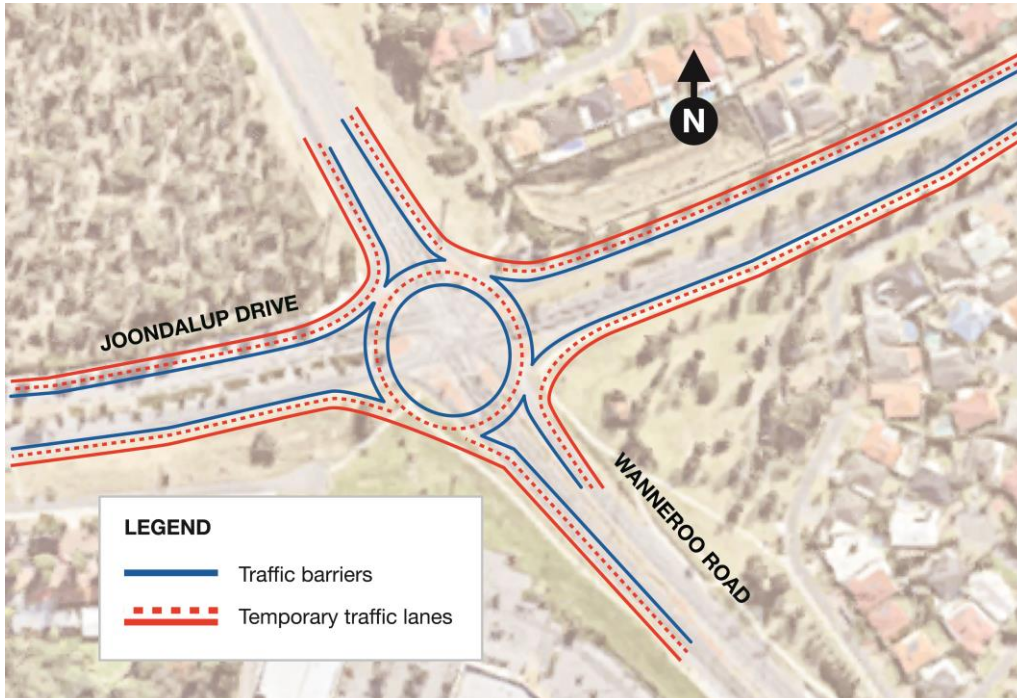

The week leading up to the weekend closure may include some night works to install new barriers along Joondalup Drive in between Burns Beach Road roundabout and Wanneroo Road.

## The second stage of construction will commence on Monday 24 June following the weekend intersection closure.

Following the closure, the traffic signals will no longer be in place and vehicles will be using a temporary roundabout. Vehicles will also be pushed to the outside of Joondalup Drive while works are undertaken in the middle of the road.

Stage Two will focus on building the new bridge and associated works at the intersection; specific work items include:

- Bridge and ramp construction
  - The ramps will be constructed in the middle of Joondalup Drive. They will be 260m long on the west side of the intersection and 135m long on the east side
- Bridge beams, piers and noise wall installation
- New pavements and asphalt

Crews will be working within the blue lines and vehicles will be driving in between the red and blue lines.

---

## Changes for road users and pedestrians

- Please be aware of the change in traffic conditions, including a new temporary roundabout at the Wanneroo Road and Joondalup Drive intersection instead of traffic lights.
- Right turn access between Drovers Place and Joondalup Drive will be permanently closed.
  - Access to Drovers will be via Joondalup Drive (left turn only) and Wanneroo Road.
- There will be minor changes to cyclist and pedestrian detours through the area.
- Bus stops will remain in the same locations as they are at present, except for stops along St Stephens Crescent. Visit <https://www.transperth.wa.gov.au/> or <https://project.mainroads.wa.gov.au/home/> closer to the works starting for more information.
- Crews will be undertaking work in the middle of Joondalup Drive.
- Speed limits will be reduced in some areas.
- Barriers will remain in place until March 2020.
